EXAMINER'S AMENDMENT AND REASONS FOR ALLOWANCE

Examiner's Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Scott Malpede (Reg. No. 32,533) on October 27, 2006.

The application has been amended as follows:

Cancel claim 11.

Amend claim 1 as follows:

At line 11, delete the limitation "re-recognition" and replace it with "performing re-recognition on said set re-recognition range"

Amend claim 13 as follows:

At line 2, delete the limitation "the code"

Reasons for Allowance

- 2. Claims 1-10 and 12-13 are allowed. The claims will be renumbered as 1-12.
- 3. The following is an examiner's statement of reasons for allowance: the instant invention provides a character recognition system which performs character recognition with increased accuracy on a document image including plural languages. Upon acquisition of a character image of a document, the instant invention performs character recognition of the character image using first recognition procedure in a first language. Thereafter, the instant invention sets a re-

recognition range for performing re-recognition using a second recognition procedure appropriate to character recognition of a character image in a second language, based on the result of recognition of an adjacent character image to the character image recognized by the first recognition procedure as the second language, and then performs re-recognition on the set re-recognition range using the second recognition procedure. These features in combination with all of the claimed elements are disclosed or fairly suggested by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. US Patent Numbers: 5377280, 6047251, and 6094484.
